

ESTABROOK INVESTMENT GRADE FIXED INCOME FUND

Annual Investment Adviser's Report April 30, 2017 (Unaudited)

Dear Shareholders,

We are happy to report that for the fiscal year ending April 30, 2017 the Estabrook Investment Grade Fixed Income Fund (the "Fund") outperformed the Barclays Intermediate Government/Credit Bond Index (the "Barclays Index"). The Fund returned 3.07% for the year compared to the Barclays Index return of 0.78%. Much like previous years, the Fund was well positioned as credit continued to perform well even in the face of political risks. The slow grind to tighter corporate spread levels was very advantageous for the Fund even as Treasury rates fluctuated in response to rising risks.

This fiscal year was awash in political risks that had investors adjusting in real time to results which contradicted inaccurate polling data. During the fiscal year, 10-Year Treasury Rates increased from 1.83% to 2.28%. Yet intra-year rates were volatile as markets responded to events such as Brexit and the US presidential elections. During the year, rates went as low as 1.36% and as high as 2.63%. Overall the portfolio was well positioned as the interest rate exposure continued to be managed at levels below the Barclays Index. In addition to our short duration position, we took advantage weeks before the US presidential election of newly issued TLAC (total loss-absorbing capacity) floating rate securities which were being issued by financial institutions. We believed these to look very attractive and participated in multiple deals from institutions such as Wells Fargo, Morgan Stanley, and Goldman Sachs. With the surprise victory of President Trump and increases in the Federal Reserve target rate, these types of securities boosted our performance. Some of these securities tightened as much as 45 basis points from their initial offering levels.

As we head into the new fiscal year, we continue to be very attentive to moves in interest rates and credit markets. Most recently, the hopes for tax reforms and fiscal expansion has been put on the sidelines as the Trump Administration continues to be plagued by allegations of improprieties related to Russian interference in the 2016 elections. As a result, we have seen demand for the safety of US Treasuries as interest rates have rallied approximately 40 basis points from the 2.63% level seen in March. We have also seen trades which would benefit from increased inflation resulting from a pro-growth agenda come off. Thus, TIPs (treasury inflation protected securities) break-evens have significantly decreased, steepness of the yield curve (difference between 2 year and 10 year treasuries) has drastically flattened, and the US dollar has weakened drastically. All three indicators have hit levels prior to the Trump victory, thus reversing some of the enthusiasm for a pro-growth agenda. Going forward, we continue to be vigilant with our duration positioning. We continue to maintain an overweight position in credit, yet have decreased that level compared to levels we have held in the previous year.

The performance data quoted represents past performance and does not guarantee future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance may be lower or higher. Performance would have been lower without fee waivers in effect. Performance data current to the most recent month-end may be obtained by calling (888) 447-7443.

ESTABROOK INVESTMENT GRADE FIXED INCOME FUND

Annual Investment Adviser's Report (Concluded)

April 30, 2017

(Unaudited)

Thank you for investing in the Estabrook Investment Grade Fixed Income Fund and please contact us if you have any questions or concerns.

Daniel Oh

Portfolio Manager

This letter is intended to assist shareholders in understanding how the Fund performed during the year ended April 30, 2017 and reflects the views of the investment adviser at the time of this writing. Of course, these views may change and do not guarantee the future performance of the Fund or the markets.

Portfolio composition is subject to change. The current and future portfolio holdings of the Fund are subject to investment risk.

Annual Report Performance Data April 30, 2017 (Unaudited)

Comparison of Change in Value of \$100,000 (investment minimum) Investment in Estabrook Investment Grade Fixed Income Fund Class I vs. Barclays Intermediate Government/Credit Bond Index and Barclays U.S. Aggregate Bond Index

Average Annual Total Returns for the Periods Ended April 30, 2017

	1 Year	3 Years	5 Years	Since Inception*
Class I	3.07%	2.10%	3.09%	3.14%
Barclays Intermediate Government/Credit Bond Index	0.78%	2.05%	1.82%	2.51%**
Barclays U.S. Aggregate Bond Index	0.83%	2.66%	2.27%	3.10%**

* The Estabrook Investment Grade Fixed Income Fund (the "Fund") commenced operations on July 23, 2010.

** Benchmark performance is from the inception date of the Fund only and is not the inception date of the benchmark itself.

The performance data quoted represents past performance and does not guarantee future results. Current performance may be lower or higher. Performance data current to the most recent month-end may be obtained by calling (888) 447-7443. The investment return and principal value of an investment will fluctuate so that shares, when redeemed, may be worth more or less than their original cost. The graph and table do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares.

The Fund's "Total Annual Fund Operating Expenses" and "Total Annual Fund Operating Expenses After Fee Waiver and/or Expense Reimbursement" are 1.41% and 0.70%, respectively, for Class I shares of the Fund's average daily net assets. These ratios are stated in the current prospectus dated September 1, 2016, and may differ from the actual expenses incurred by the Fund for the period covered by this report. Estabrook Capital Management LLC (the "Adviser") has contractually agreed to reduce its investment advisory fee and/or reimburse certain expenses

(Unaudited)

of the Fund to the extent necessary to ensure that the Fund's total operating expenses, excluding taxes, any class-specific fees and expenses (such as Rule 12-b1 distribution fees, shareholder service fees, or transfer agency fees), "Acquired Fund" fees and expenses, interest, extraordinary items, and brokerage commissions, do not exceed 0.70% (on an annual basis) of the average daily net assets of the Fund (the "Expense Limitation"). The Expense Limitation will remain in place until August 31, 2017, unless the Board of Trustees of FundVantage Trust (the "Trust") approves its earlier termination. The Adviser is entitled to recover, subject to approval by the Board of Trustees, such amounts reduced or reimbursed for a period of up to three (3) years from the year in which the Adviser reduced its compensation and/or assumed expenses for the Fund. The Adviser is permitted to seek reimbursement from the Fund, subject to certain limitations, for fees it waived and Fund expenses it paid to the extent the total annual fund expenses do not exceed the limits described above or any lesser limits in effect at the time of reimbursement. No recoupment will occur unless the Fund's expenses are below the Expense Limitation amount.

A 1% redemption fee applies to shares redeemed within 90 days of purchase. This redemption fee is not reflected in the returns shown above.

The Fund intends to evaluate performance as compared to that of the Barclays Intermediate Government/Credit Bond Index ("Barclays Int. Gov./Cr. Index"). The Fund uses the Barclays U.S. Aggregate Bond Index as a secondary index. The Barclays Int. Gov./Cr. Index is an unmanaged market index that tracks performance of intermediate term U.S. government and corporate bonds. The Barclays U.S. Aggregate Bond Index is an intermediate term, broad-based index comprised of most U.S. traded investment grade bonds. Barclays U.S. Aggregate Bond Index covers the USD-denominated, investment-grade (rated Baa3 or above by Moody's), fixed-rate, and taxable areas of the bond market. This is the broadest measure of the taxable U.S. bond market, including most Treasury, agency, corporate, mortgage-backed, asset-backed, and international dollar-denominated issues, all with maturities of 1 year or more. It is impossible to invest directly in an index.

The Fund is subject to the same risks as the underlying bonds in the portfolio such as credit, call and interest rate risk. As interest rates rise the value of bond prices will decline. The Fund may invest in high yield debt (also known as junk bonds) which may cause greater volatility and less liquidity. You may lose money by investing in the Fund.

ESTABROOK INVESTMENT GRADE FIXED INCOME FUND

Fund Expense Disclosure April 30, 2017 (Unaudited)

As a shareholder of the Fund, you incur two types of costs: (1) transaction costs, including redemption fees; and (2) ongoing costs, including management fees and other Fund expenses. This example is intended to help you understand your ongoing costs (in dollars) of investing in the Fund and to compare these costs with the ongoing costs of investing in other mutual funds.

This example is based on an investment of \$1,000 invested at the beginning of the six-month period from November 1, 2016 through April 30, 2017 and held for the entire period.

Actual Expenses

The first line of the accompanying table provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line under the heading entitled "Expenses Paid During Period" to estimate the expenses you paid on your account during this period.

Hypothetical Example for Comparison Purposes

The second line of the accompanying table provides information about hypothetical account values and hypothetical expenses based on the Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not your Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of other funds.

Please note that the expenses shown in the accompanying table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as redemption fees. Therefore, the second line of the accompanying table is useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

ESTABROOK INVESTMENT GRADE FIXED INCOME FUND

Financial Highlights

Contained below is per share operating performance data for Class I shares outstanding, total investment return, ratios to average net assets and other supplemental data for the respective period. The total returns in the table represent the rate that an investor would have earned or lost on an investment in the Fund (assuming reinvestment of all dividends and distributions). This information has been derived from information provided in the financial statements and should be read in conjunction with the financial statements and the notes thereto.

	Class I				
	For the Year Ended April 30, 2017	For the Year Ended April 30, 2016	For the Year Ended April 30, 2015	For the Year Ended April 30, 2014	For the Year Ended April 30, 2013
Per Share Operating Performance					
Net asset value, beginning of year	\$ 10.13	\$ 10.26	\$ 10.37	\$ 10.66	\$ 10.09
Net investment income ⁽¹⁾	0.21	0.24	0.24	0.26	0.32
Net realized and unrealized gain/(loss) on investments	0.10	(0.10)	(0.05)	(0.23)	0.57
Net increase in net assets resulting from operations	0.31	0.14	0.19	0.03	0.89
Dividends and distributions to shareholders from:					
Net investment income	(0.21)	(0.24)	(0.24)	(0.26)	(0.32)
Net realized capital gains	(0.09)	(0.03)	(0.06)	(0.06)	—
Total dividends and distributions to shareholders	(0.30)	(0.27)	(0.30)	(0.32)	(0.32)

Net asset value, end of year	\$ 10.14	\$ 10.13	\$ 10.26	\$ 10.37	\$ 10.66
Total investment return ⁽³⁾	3.07%	1.39%	1.85%	0.38%	8.99%
Ratio/Supplemental Data					
Net assets, end of year (in thousands)	\$32,297	\$33,224	\$33,746	\$33,995	\$31,737
Ratio of expenses to average net assets	0.70%	0.70%	0.70%	0.70%	0.70%
Ratio of expenses to average net assets without waivers and expense reimbursements ⁽⁴⁾	1.47%	1.41%	1.34%	1.41%	1.69%
Ratio of net investment income to average net assets	2.06%	2.36%	2.28%	2.50%	3.07%
Portfolio turnover rate	98.11%	112.74%	89.75%	132.74%	94.83%

(1) The selected per share data was calculated using the average shares outstanding method for the year.

(2) Amount is less than \$0.005 per share.

(3) Total investment return is calculated assuming a purchase of shares on the first day and a sale of shares on the last day of each period reported and includes reinvestment of dividends and distributions, if any.

(4) During the period, certain fees were waived and/or reimbursed. If such fee waivers and/or reimbursements had not occurred, the ratios would have been as indicated (See Note 2).

The accompanying notes are an integral part of the financial statements.

ESTABROOK INVESTMENT GRADE FIXED INCOME FUND

Notes to Financial Statements April 30, 2017

1. Organization and Significant Accounting Policies

Estabrook Investment Grade Fixed Income Fund (the “Fund”) is a diversified, open-end management investment company registered under the Investment Company Act of 1940, as amended (the “1940 Act”), which commenced investment operations on July 23, 2010. The Fund is a separate series of FundVantage Trust (the “Trust”) which was organized as a Delaware statutory trust on August 28, 2006. The Trust is a “series trust” authorized to issue an unlimited number of separate series or classes of shares of beneficial interest. Each series is treated as a separate entity for certain matters under the 1940 Act, and for other purposes, and a shareholder of one series is not deemed to be a shareholder of any other series. The Fund offers separate classes of shares: Class A, Class C, Class I and Class R Shares. As of April 30, 2017, Class A, Class C and Class R Shares had not been issued.

The Fund is an investment company and follows accounting and reporting guidance in the Financial Accounting Standards Board Accounting Standards Codification Topic 946.

Portfolio Valuation — The Fund’s net asset value (“NAV”) is calculated once daily at the close of regular trading hours on the New York Stock Exchange (“NYSE”) (typically 4:00 p.m., Eastern time) on each day the NYSE is open. Securities held by the Fund are valued at their last sale price on the NYSE on the day the security is valued. Lacking any sales on such day, the security will be valued at the mean between the last asked price and the last bid price prior to the market close. Securities listed on other exchanges (and not subject to restriction against sale by the Fund on such exchanges) will be similarly valued, using quotations on the exchange on which the security is traded most extensively. Unlisted securities that are quoted on the National Association of Securities Dealers National Market System, for which there have been sales of such securities on such day, shall be valued at the official closing price on such system on the day the security is valued. If there are no such sales on such day, the value shall be the mean between the last asked price and the last bid price prior to market close. The value of such securities quoted on the National Association of Securities Dealers Automatic Quotation System (“NASDAQ”) market system, but not listed on the National Market System, shall be valued at the mean between closing asked price and the closing bid price. Unlisted securities that are not quoted on the NASDAQ and for which over-the-counter market quotations are readily available will be valued at the mean between the current bid and asked prices for such security in the over-the-counter market. Fixed income and preferred securities are valued based on market quotations, which are furnished by an independent pricing service. Fixed income securities having a remaining maturity of 60 days or less are generally valued at amortized cost, provided such amount approximates fair value. Debt securities are valued on the basis of broker quotations or valuations provided by a pricing service, which utilizes information with respect to recent sales, market transactions in comparable securities, quotations from dealers, and various relationships between securities in determining value. Due to continued volatility in the current market, valuations developed through pricing techniques may materially vary from the actual amounts realized upon sale of the securities. Investments in other open-end investment companies are valued based on the NAV of the investment companies (which may use fair value pricing as discussed in their prospectuses).

ESTABROOK INVESTMENT GRADE FIXED INCOME FUND

Notes to Financial Statements (Continued) April 30, 2017

If market quotations are unavailable or deemed unreliable, securities will be valued in accordance with procedures adopted by the FundVantage Trust's Board of Trustees. Relying on prices supplied by pricing services or dealers or using fair valuation may result in values that are higher or lower than the values used by other investment companies and investors to price the same investments. In the event that market quotes are not readily available, and the security or asset cannot be valued pursuant to one of the valuation methods, the value of the security or asset will be determined in good faith by the Adviser. The Trust has established a Valuation Committee which performs certain functions including the oversight of the Adviser's fair valuation determinations.

Fair Value Measurements — The inputs and valuation techniques used to measure fair value of the Fund's investments are summarized into three levels as described in the hierarchy below:

- Level 1 — quoted prices in active markets for identical securities;
- Level 2 — other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.); and
- Level 3 — significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments).

The fair value of the Fund's bonds is generally based on quotes received from brokers of independent pricing services. Bonds with quotes that are based on actual trades with a sufficient level of activity on or near the measurement date are classified as Level 2 assets.

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

The following is a summary of the inputs used, as of April 30, 2017, in valuing the Fund's investments carried at fair value:

	Total Value at 04/30/17	Level 1 Quoted Price	Level 2 Other Significant Observable Inputs	Level 3 Significant Unobservable Inputs
Corporate Bonds and Notes . . .	\$ 22,270,551	\$ —	\$ 22,270,551	\$ —
U.S. Treasury Obligations	8,813,292	—	8,813,292	—
Total Investments	<u>\$ 31,083,843</u>	<u>\$ —</u>	<u>\$ 31,083,843</u>	<u>\$ —</u>

At the end of each quarter, management evaluates the classification of Levels 1, 2 and 3 assets and liabilities. Various factors are considered, such as changes in liquidity from the prior reporting period; whether or not a broker is willing to execute at the quoted price; the depth and consistency of prices

ESTABROOK INVESTMENT GRADE FIXED INCOME FUND

Notes to Financial Statements (Continued) April 30, 2017

from third party pricing services; and the existence of contemporaneous, observable trades in the market. Additionally, management evaluates the classification of Level 1 and Level 2 assets and liabilities on a quarterly basis for changes in listings or delistings on national exchanges.

Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of the Fund's investments may fluctuate from period to period. Additionally, the fair value of investments may differ significantly from the values that would have been used had a ready market existed for such investments and may differ materially from the values the Fund may ultimately realize. Further, such investments may be subject to legal and other restrictions on resale or otherwise less liquid than publicly traded securities.

For fair valuations using significant unobservable inputs, U.S. generally accepted accounting principles ("U.S. GAAP") require the Fund to present a reconciliation of the beginning to ending balances for reported market values that presents changes attributable to total realized and unrealized gains or losses, purchase and sales, and transfers in and out of Level 3 during the period. Transfers in and out between Levels are based on values at the end of the period. U.S. GAAP also requires the Fund to disclose amounts and reasons for all transfers in and out of Level 1 and Level 2 fair value measurements. A reconciliation of Level 3 investments is presented only when the Fund had an amount of Level 3 investments at the end of the reporting period that was meaningful in relation to its net assets. The amounts and reasons for all transfers in and out of each Level within the three-tier hierarchy are disclosed when the Fund had an amount of total transfers during the reporting period that was meaningful in relation to its net assets as of the end of the reporting period.

For the year ended April 30, 2017, there were no transfers between Levels 1, 2 and 3 for the Fund.

Use of Estimates — The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates and those differences could be material.

Investment Transactions, Investment Income and Expenses — Investment transactions are recorded on trade date for financial statement preparation purposes. Realized gains and losses on investments sold are recorded on the identified cost basis. Gains and losses on principal paydowns from mortgage backed securities are recorded as interest income on the Statement of Operations. Interest income is recorded on the accrual basis. Accretion of discounts and amortization of premiums are recorded on a daily basis using the effective yield method except for short term securities, which records discounts and premiums on a straight-line basis. Dividends are recorded on the ex-dividend date. General expenses of the Trust are generally allocated to each fund in proportion to its relative daily net assets. Expenses directly attributable to a particular fund in the Trust are charged directly to such fund.

ESTABROOK INVESTMENT GRADE FIXED INCOME FUND

Notes to Financial Statements (Continued) April 30, 2017

Dividends and Distributions to Shareholders — Dividends from net investment income are declared and paid monthly to shareholders. Distributions, if any, of net short-term capital gain and net capital gain (the excess of net long-term capital gain over the short-term capital loss) realized by the Fund, after deducting any available capital loss carryovers are declared and paid to its shareholders annually. Income dividends and capital gain distributions are determined in accordance with U.S. federal income tax regulations, which may differ from U.S. GAAP. These differences may include the treatment of non-taxable dividends, expiring capital loss carryforwards and losses deferred due to wash sales and excise tax regulations. Permanent book and tax basis differences relating to shareholder distributions will result in reclassifications within the components of net assets.

U.S. Tax Status — No provision is made for U.S. income taxes as it is the Fund's intention to continue to qualify for and elect the tax treatment applicable to regulated investment companies under Subchapter M of the Internal Revenue Code of 1986, as amended ("Internal Revenue Code"), and make the requisite distributions to its shareholders which will be sufficient to relieve it from U.S. income and excise taxes.

Other — In the normal course of business, the Fund may enter into contracts that provide general indemnifications. The Fund's maximum exposure under these arrangements is dependent on claims that may be made against the Fund in the future, and therefore, cannot be estimated; however, based on experience, the risk of material loss for such claims is considered remote.

Recent Accounting Pronouncement — In October 2016, the U.S. Securities and Exchange Commission ("SEC") issued a new rule, Investment Company Reporting Modernization, which, among other provisions, amends Regulation S-X to require standardized, enhanced disclosures, particularly related to derivatives, in investment company financial statements. Compliance with the amendments to Regulation S-X is required for financial statements filed with the SEC on or after August 1, 2017. Management is currently evaluating the impact that the amendments will have on the Fund's financial statements and related disclosures.

2. Transactions with Related Parties and Other Service Providers

Estabrook Capital Management LLC ("Estabrook" or the "Adviser") serves as investment adviser to the Fund pursuant to an investment advisory agreement with the Trust (the "Advisory Agreement"). For its services, the Adviser is paid a monthly fee at the annual rate of 0.65% of the Fund's average daily net assets. The Adviser has contractually agreed to reduce its investment advisory fee and/or reimburse certain expenses of the Fund to the extent necessary to ensure that the Fund's total operating expenses, excluding taxes, any class-specific fees and expenses (such as Rule 12b-1 distribution fees, shareholder service fees, or transfer agency fees), "Acquired Fund" fees and expenses, interest, extraordinary items, and brokerage commissions, do not exceed 0.70% (on an annual basis) of the average daily net assets of the Fund (the "Expense Limitation"). The Expense Limitation will remain in place until August 31, 2017, unless the Board of Trustees of the Trust approves its earlier termination. The Adviser is entitled to recover, subject to approval by the Board of Trustees, such amounts reduced or reimbursed for a period of up

ESTABROOK INVESTMENT GRADE FIXED INCOME FUND

Notes to Financial Statements (Continued) April 30, 2017

to three (3) years from the year in which the Adviser reduced its compensation and/or assumed expenses for the Fund. The Adviser is permitted to seek reimbursement from the Fund, subject to certain limitations, for fees it waived and Fund expenses it paid to the extent the total annual fund expenses do not exceed the limits described above or any lesser limits in effect at the time of reimbursement. No recoupment will occur unless the Fund's expenses are below the Expense Limitation amount. At April 30, 2017, the amount of potential recovery by the Adviser was as follows:

<u>Expiration</u>			
<u>April 30, 2018</u>	<u>April 30, 2019</u>	<u>April 30, 2020</u>	<u>Total</u>
\$217,797	\$234,709	\$257,454	\$709,960

For the year ended April 30, 2017, the Adviser earned advisory fees of \$218,522 and waived and reimbursed fees of \$257,454.

Other Service Providers

BNY Mellon Investment Servicing (US) Inc. ("BNY Mellon") serves as administrator and transfer agent for the Fund. For providing administrative and accounting services, BNY Mellon is entitled to receive a monthly fee equal to an annual percentage rate of the Fund's average net assets and is subject to certain minimum monthly fees. For providing transfer agency services, BNY Mellon is entitled to receive a monthly fee, subject to certain minimum, and out of pocket expenses.

The Bank of New York Mellon (the "Custodian") provides certain custodial services to the Fund. The Custodian is entitled to receive a monthly fee, subject to certain minimum, and out of pocket expenses.

Foreside Funds Distributors LLC (the "Underwriter") provides principal underwriting services to the Fund pursuant to an underwriting agreement between the Trust and the Underwriter.

Trustees and Officers

The Trust is governed by its board of Trustees. The Trustees receive compensation in the form of an annual retainer and per meeting fees for their services to the Trust. The remuneration paid to the Trustees by the Fund during the year ended April 30, 2017 was \$8,842. An employee of BNY Mellon serves as the Secretary of the Trust and is not compensated by the Fund or the Trust.

Effective June 1, 2016 and July 1, 2016, JW Fund Management LLC ("JWFM") provides a Principal Executive Officer and Principal Financial Officer, respectively, to the Trust. JWFM is compensated for the services provided to the Trust. Until May 31, 2016 and June 30, 2016, certain employees of BNY

ESTABROOK INVESTMENT GRADE FIXED INCOME FUND

Notes to Financial Statements (Continued) April 30, 2017

Mellon served as Principal Executive Officer and Principal Financial Officer, respectively, to the Trust. They were not compensated by the Trust or the Funds.

Freeh Group International Solutions, LLC provides the Trust with a Chief Compliance Officer and an Anti-Money Laundering Officer.

3. Investment in Securities

For the year ended April 30, 2017, aggregate purchases and sales of investment securities (excluding short-term investments) of the Fund were as follows:

	<u>Purchases</u>	<u>Sales</u>
Investment Securities	\$26,139,851	\$29,954,860
U.S. Government Securities	3,779,598	3,357,754

4. Capital Share Transactions

For the years ended April 30, 2017 and 2016, transactions in capital shares (authorized shares unlimited) were as follows:

	<u>For the Year Ended April 30, 2017</u>		<u>For the Year Ended April 30, 2016</u>	
	<u>Shares</u>	<u>Amount</u>	<u>Shares</u>	<u>Amount</u>
Class I				
Sales	132,234	\$ 1,359,501	10,520	\$ 106,679
Reinvestments	96,321	976,655	86,730	873,763
Redemption Fees*	—	1,637	—	—
Redemptions	<u>(323,687)</u>	<u>(3,261,615)</u>	<u>(104,216)</u>	<u>(1,046,420)</u>
Net Increase	<u>(95,132)</u>	<u>\$ (923,822)</u>	<u>(6,966)</u>	<u>\$ (65,978)</u>

* There is a 1.00% redemption fee that may be charged on shares redeemed which have been held for 90 days or less. The redemption fees are retained by the Fund for the benefit of the remaining shareholders and recorded as paid-in capital.

5. Federal Tax Information

The Fund has followed the authoritative guidance on accounting for and disclosure of uncertainty in tax positions, which requires the Fund to determine whether a tax position is more likely than not to be sustained upon examination, including resolution of any related appeals or litigation processes, based on the technical merits of the position. The Fund has determined that there was no effect on the financial statements from following this authoritative guidance. In the normal course of business, the Fund is subject

ESTABROOK INVESTMENT GRADE FIXED INCOME FUND

Notes to Financial Statements (Continued) April 30, 2017

to examination by federal, state and local jurisdictions, where applicable, for tax years for which applicable statutes of limitations have not expired.

Distributions are determined in accordance with federal income tax regulations, which may differ in amount or character from net investment income and realized gains for financial reporting purposes. Accordingly, the character of distributions and composition of net assets for tax purposes may differ from those reflected in the accompanying financial statements. To the extent these differences are permanent, such amounts are reclassified within the components of net assets based on the tax treatment; temporary differences do not require reclassifications. For the year ended April 30, 2017, these adjustments were to decrease undistributed net investment income and increase accumulated net realized gain by \$6,845. These permanent differences were primarily attributable to the redesignation of dividends paid.

For the year ended April 30, 2017, the tax character of distributions paid by the Fund was \$849,117 of ordinary income dividends and \$136,714 of long-term capital gains dividends. For the year ended April 30, 2016, the tax character of distributions paid by the Fund was \$777,570 of ordinary income dividends and \$103,595 of long-term capital gains dividends. Distributions from net investment income and short-term capital gains were treated as ordinary income for federal income tax purposes.

As of April 30, 2017, components of distributable earnings on a tax basis were as follows:

<u>Capital Loss Carryforward</u>	<u>Undistributed Ordinary Income</u>	<u>Undistributed Long-Term Gain</u>	<u>Unrealized Depreciation</u>	<u>Qualified Late-Year Losses</u>
\$ —	\$ —	\$ —	\$(1,003)	\$(134,354)

The differences between the book and tax basis components of distributable earnings relate primarily to the timing and recognition of income and gains for federal income tax purposes. Short-term capital gains are reported as ordinary income for federal income tax purposes.

As of April 30, 2017, the federal tax cost, aggregate gross unrealized appreciation and depreciation of securities held by the Fund were as follows:

Federal tax cost	<u>\$31,084,846</u>
Gross unrealized appreciation	\$ 375,111
Gross unrealized depreciation	<u>(376,114)</u>
Net unrealized depreciation	<u>\$ (1,003)</u>

Pursuant to federal income tax rules applicable to regulated investment companies, the Fund may elect to treat certain capital losses between November 1 and April 30 and late year ordinary losses ((i) ordinary losses between January 1 and April 30, and (ii) specified ordinary and currency losses between November 1 and April 30) as occurring on the first day of the following tax year. For the year ended April 30, 2017, any amount of losses elected within the tax return will not be recognized for federal income

ESTABROOK INVESTMENT GRADE FIXED INCOME FUND

Notes to Financial Statements (Concluded) April 30, 2017

tax purposes until May 1, 2017. For the year ended April 30, 2017, the Fund had long-term capital loss deferrals of \$182 and short-term capital loss deferrals of \$134,172.

Accumulated capital losses represent net capital loss carryforwards as of April 30, 2017, that may be available to offset future realized capital gains and thereby reduce future capital gains distributions. As of April 30, 2017, the Fund did not have any capital loss carryforwards.

6. Debt Investment Risk

Debt investments are affected primarily by the financial condition of the companies or other entities that have issued them and by changes in interest rates. There is a risk that an issuer of a Fund's debt investments may not be able to meet its financial obligations (e.g., may not be able to make principal and/or interest payments when they are due or otherwise default on other financial terms) and/or go bankrupt. Securities such as high-yield/high-risk bonds, e.g., bonds with low credit ratings by Moody's (Ba or lower) or Standard & Poor's (BB and lower) or if unrated are of comparable quality as determined by the manager, are especially subject to credit risk during periods of economic uncertainty or during economic downturns and are more likely to default on their interest and/or principal payments than higher rated securities. Debt investments may be affected by changes in interest rates. Debt investments with longer durations tend to be more sensitive to changes in interest rates, making them more volatile than debt investments with shorter durations or floating or adjustable interest rates. The value of debt investments may fall when interest rates rise.

7. Subsequent Events

Management has evaluated the impact of all subsequent events on the Fund through the date the financial statements were issued and has determined that there were no subsequent events requiring recognition or disclosure in the financial statements.

ESTABROOK INVESTMENT GRADE FIXED INCOME FUND

Report of Independent Registered Public Accounting Firm

To the Board of Trustees of FundVantage Trust and Shareholders of the Estabrook Investment Grade Fixed Income Fund:

In our opinion, the accompanying statement of assets and liabilities, including the portfolio of investments, and the related statements of operations and of changes in net assets and the financial highlights present fairly, in all material respects, the financial position of the Estabrook Investment Grade Fixed Income Fund (one of the funds constituting FundVantage Trust, hereafter referred to as the "Fund") as of April 30, 2017, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as "financial statements") are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits, which included confirmation of securities as of April 30, 2017 by correspondence with the custodian, provide a reasonable basis for our opinion.

PricewaterhouseCoopers LLP

ESTABROOK INVESTMENT GRADE FIXED INCOME FUND

Shareholder Tax Information (Unaudited)

The Fund is required by Subchapter M of the Internal Revenue Code to advise its shareholders of the U.S. federal tax status of distributions received by the Fund's shareholders in respect of such fiscal year. During the fiscal year ended April 30, 2017, the Fund paid \$849,117 of ordinary income dividends and \$136,714 of long-term capital gains dividends to its shareholders. Dividends from net investment income and short-term capital gains are treated as ordinary income dividends for federal income tax purposes.

The percentage of qualified interest income related dividends not subject to withholding tax for non-resident aliens and foreign corporations is 99.98%.

The Fund designates 100.00% of the ordinary income distributions as qualified short-term gain pursuant to the American Jobs Creation Act of 2004.

A total of 8.14% of the dividends distributed during the fiscal year was derived from interest on U.S. government securities, which is generally exempt from state income tax.

All designations are based on financial information available as of the date of this annual report and, accordingly, are subject to change. For each item, it is the intention of the Fund to designate the maximum amount permitted under the Internal Revenue Code of 1986, as amended, and the regulations thereunder.

Because the Fund's fiscal year is not the calendar year, another notification will be sent with respect to calendar year 2017. The second notification, which will reflect the amount, if any, to be used by calendar year taxpayers on their U.S. federal income tax returns, will be made in conjunction with Form 1099-DIV and will be mailed in January 2018.

Foreign shareholders will generally be subject to U.S. withholding tax on the amount of their ordinary income dividends. They will generally not be entitled to a foreign tax credit or deduction for the withholding taxes paid by the Fund, if any.

In general, dividends received by tax-exempt recipients (e.g., IRAs and Keoghs) need not be reported as taxable income for U.S. federal income tax purposes. However, some retirement trusts (e.g., corporate, Keogh and 403(b)(7) plans) may need this information for their annual information reporting.

Shareholders are advised to consult their own tax advisers with respect to the tax consequences of their investment in the Fund.

Other Information (Unaudited)

Proxy Voting

Policies and procedures that the Fund uses to determine how to vote proxies relating to portfolio securities as well as information regarding how the Fund voted proxies relating to portfolio securities for the most recent 12-month period ended June 30 are available without charge, upon request, by calling (888) 447-7443 and on the Securities and Exchange Commission's ("SEC") website at <http://www.sec.gov>.

Quarterly Portfolio Schedules

The Trust files its complete schedule of portfolio holdings with the SEC for the first and third fiscal quarters of each fiscal year (quarters ended July 31 and January 31) on Form N-Q. The Trust's Forms N-Q are available on the SEC's website at <http://www.sec.gov> and may be reviewed and copied at the SEC's Public Reference Room in Washington, D.C. Information on the operation of the SEC's Public Reference Room may be obtained by calling 1-800-SEC-0330.

Privacy Notice (Unaudited)

The privacy of your personal financial information is extremely important to us. When you open an account with us, we collect a significant amount of information from you in order to properly invest and administer your account. We take very seriously the obligation to keep that information private and confidential, and we want you to know how we protect that important information.

We collect nonpublic personal information about you from applications or other forms you complete and from your transactions with us or our affiliates. We do not disclose information about you, or our former clients, to our affiliates or to service providers or other third parties, except as permitted by law. We share only the information required to properly administer your accounts, which enables us to send transaction confirmations, monthly or quarterly statements, financials and tax forms. Even within FundVantage Trust and its affiliated entities, a limited number of people who actually service accounts will have access to your personal financial information. Further, we do not share information about our current or former clients with any outside marketing groups or sales entities.

To ensure the highest degree of security and confidentiality, FundVantage Trust and its affiliates maintain various physical, electronic and procedural safeguards to protect your personal information. We also apply special measures for authentication of information you request or submit to us on our web site.

If you have questions or comments about our privacy practices, please call us at (888) 447-7443.

ESTABROOK INVESTMENT GRADE FIXED INCOME FUND

Fund Management (Unaudited)

FundVantage Trust (the “Trust”) is governed by a Board of Trustees (the “Trustees”). The primary responsibility of the Trustees is to represent the interest of the Trust’s shareholders and to provide oversight management of the Trust.

The following tables present certain information regarding the Board of Trustees and officers of the Trust. None of the Trustees are an “interested person” of the Trust, the Adviser, another investment adviser of a series of the Trust, or Foreside Funds Distributors LLC, the principal underwriter of the Trust (“Underwriter”), within the meaning of the 1940 Act and each Trustee is referred to as an “Independent Trustee” and is listed under such heading below. The address of each Trustee and Officer as it relates to the Trust’s business is 301 Bellevue Parkway, 2nd Floor, Wilmington, DE 19809.

The Statement of Additional Information for the Fund contains additional information about the Trustees and is available, without charge, upon request by calling (888) 447-7443.
